(Note 2) For details of said proceeds, please refer to the press release “Notice Concerning Issuance of New Investment Units and Secondary Distribution of Investment Units” separately announced today.

(Note 3) For details of said borrowings, please refer to the press release “Notice Concerning Borrowing of Funds” separately announced today.

2. Reasons for Acquisition and Lease

The Investment Corporation’s basic policies of management are to procure stable profits in the long and medium terms, and to pursue the steady growth of its portfolio. It also holds three mid- and long-term management strategies, that is, the improvement of the quality of its portfolio, the clarification of roles among sponsors, and the undertaking of internal growth and other measures. Under said management strategies, the Investment Corporation acquired TA Shonan Kugenumakaigan in March 2019 using its funds on hand, and Dormy Inn Morioka in June 2019 using borrowings, and together with the sale of TTS Minami Aoyama Building announced by the “Notice Concerning Disposition of Trust Beneficiary Interests in Domestic Real Estate” dated July 17, 2019, pursued the improvement of the quality of its portfolio through the strategic replacement of assets.

The Acquisition is undertaken for the purposes of expanding the asset scale, rejuvenating the average age of the portfolio by incorporating mainly properties under development by Takara Leben Co., Ltd. (“Takara Leben”), the sponsor, and further improving the portfolio quality. The Assets to be Acquired are acquired and developed by utilizing advantages of 4 sponsors, including Takara Leben, such as the sourcing ability of PAG Investment Management Co., Ltd. (“PAG”), know-how for management of commercial facilities of YAMADA DENKI Co., Ltd., as well as know-how for management of hotels of Kyoritsu Maintenance Co., Ltd. The Acquisition was decided because the above is consistent with the Investment Corporation’s mid- and long-term management strategies. The tenants of the Assets to be Acquired conform to the criteria for selecting tenants stated in the “Report on Management System, etc. of the Issuer, etc. of Real Estate Investment Trust Unites” dated May 29, 2019.

3. Details of Assets to be Acquired and Expected Lease

Outline of the individual properties in the Assets to be Acquired is as stated below.

Each of the following tables shows the outline of individual Assets to be Acquired (each, the “Property Sheet”). The terms used in the Property Sheets are as indicated below. Please refer to the following explanation of terms in the Property Sheets. Unless otherwise indicated, the descriptions are based on information available as of July 31, 2019.

(1) Re: “Outline of Specified Assets”

- “Scheduled Date of Acquisition” means the scheduled date of acquisition of each of the Assets to be Acquired.
- “Expected Acquisition Price” is the amount of the sale and purchase price stated in the Sale and Purchase Contract to be executed as of today for each of the Assets to be Acquired (not including consumption tax and local consumption tax or brokerage fees and other expenses), rounded down to the nearest million yen.
- “Outline of Trust Beneficiary Interests” states the outline of the trust agreement executed or to be executed with the trustee or a person expected to be the trustee for each of the properties.
- “Outline of Building Condition Evaluation” states the outline of the engineering report prepared by a survey operator who conducted a building condition evaluation upon the Investment Corporation’s request such as investigation of deterioration diagnosis of the building, preparation of short-term and long-term repair plans, investigation of situations of compliance with the Building Standards Act (Act No. 201 of 1950, as amended), etc., or investigation of the building containing hazardous substances with respect to each of the properties. The content of such engineering report merely reflects the judgment and opinion of the author thereof at a certain time, and does not guarantee its appropriateness or accuracy, etc. of the content. In calculating repair costs, fluctuations in price or consumption tax and local consumption tax are not taken into consideration.
- “Location” of the land shows the indication of residence, and if no indication of residence is applicable to the property, it shows the address of the building in the register (or one of them if there are multiple addresses).

Note: This press release is a document for making a public announcement concerning the Investment Corporation’s acquisition of assets, and has not been prepared for the purpose of soliciting any investment. We caution readers to undertake investment decisions based on their own investigation and responsibility. This press release does not constitute an offer of securities in the United States of America. The securities referred to above have not been, and will not be registered under the United States Securities Act of 1933, as amended (hereinafter referred to as the “Securities Act”). The securities may not be offered or sold in the United States absent registration or an exemption from registration under the Securities Act. The securities referred to above will not be offered or sold, publicly or otherwise, in the United States.

- “Site Area” of the land is based on the statement in the register. If the land is co-owned, it shows the entire site area of the building. Such area may be inconsistent with the actually measured area.
- “Use District” of the land shows the category of a use district under Article 8, Paragraph 1, Item 1 of the City Planning Act (Act No. 100 of 1968, as amended).
- “Building Coverage Ratio/Floor-Area Ratio” of the land shows the maximum building coverage ratio (the designated building coverage ratio) and the maximum floor-area ratio (the designated floor-area ratio) (all of them if there are multiple ratios) designated in the city planning depending on the use district, etc. based on the Building Standards Act. The designated building coverage ratio may be mitigated or raised, or reduced by reasons such as the building being a fire-proof building in a fire-prevention district or otherwise, and the designated floor-area ratio may be mitigated or raised, or reduced by reasons such as the width of road adjacent to the site or otherwise, which may be different from the building coverage ratio and the floor-area ratio actually applied.
- “Type of Right” to the land and the building represents the type of right owned or to be acquired by the trustee with respect to each property.
- “Structure/Number of Stories” and “Completion” of the building are based on the statement in the register unless otherwise specifically indicated.
- “Total Floor Area” and “Type” of the building are based on the statement in the register and may be inconsistent with the actually measured area and type.
- “Encumbrance” shows any encumbrance, if any, on the Assets to be Acquired borne, or to be borne after acquisition, by the Investment Corporation and the outline thereof.
- “PM Company” is a company which has entered into as of today, or is to enter into after acquisition by the Investment Corporation, a property management service contract with respect to each property. “Sub-PM Company” is a company which has entered into as of today, or is to enter into after acquisition by the Investment Corporation, a property management service subcontract with respect to each property. With respect to the property referring to a “Sub-PM Company”, Takara Property Co., Ltd. (“Takara Property”) has entered into a property management service contract and it subcontracts such property management services in whole or in part to the Sub-PM Company.
- “ML Company” is a company which has entered into as of today, or is to enter into after acquisition by the Investment Corporation, a master lease agreement of pass-through style with respect to each property. A master lease agreement will be executed with Takara Property which falls under the category of interested persons, etc. specified in Article 201 of the Act on Investment Trusts and Investment Corporations (Act No. 198 of 1951, as amended; the “Investment Trusts Act”) and Article 123 of the Order for Enforcement of the Act on Investment Trusts and Investment Corporations (Cabinet Order No. 480 of 2000, as amended) (the “Interested Persons under the Investment Trust Act”) for all of the Assets to be Acquired.
- “Special Remarks” describe the rights and use of each property in trust as of today that are regarded as important as well as other matters that are considered significant in view of the impacts on the appraised value, profitability and disposability of each such property.

(2) Re: “Outline of Lease”

- “Total Leased Area” is the leased area described in each lease agreement effective as of July 31, 2019 with respect to the Assets to be Acquired, disregarding the figures below the second decimal place.
- “Total Rentable Area” is the rentable area of each property of the Assets to be Acquired owned or to be owned by the Investment Corporation, which is deemed rentable based on the lease agreement or drawings of the building, etc. of such property. The total rentable area may exceed the total floor area in the register. The figures below the second decimal place are disregarded.
- “Major Tenant” is a principal tenant of each property (based on the total leased area of each property).
- “Number of Tenants” shows the total number of tenants (if a pass-through type master lease agreement is executed, the end tenants) who are, or will be, the lessees of the Assets to be Acquired.
- “Total Rent Revenue” shows the annual rent or the monthly rent multiplied by twelve (12) (which rent includes rent for the leased area and common area charge (if any), but excludes rent for parking, storage or other fixtures) set forth in each lease agreement effective as of July 31, 2019 for the Assets to be Acquired (calculated based on the fixed rent set forth in the lease agreement). Free rent or rent holiday periods (during which no rent or discounted rent payable at the beginning of or during the lease term) as of such date are disregarded, and the amount is calculated based on the annual or monthly rent set forth under the lease agreement.
- “Lease/Guarantee Deposit” shows the total amount of lease deposit and guarantee deposit required under each
